Your likes are not leads.

1. Engagement is entertainment.

   Saves are not sales.

2. Your audience watches. It does not buy.
3. Content qualifies. Your profile converts.
4. Clarity beats creativity every time.
5. A viral post sells nothing alone.
6. One message, repeated, makes a client.
7. Buyers pick certainty, not cleverness.

   You are not creating. You are positioning.

The algorithm likes you.

The buyers do not.
