You're not under-posting.

You're under-positioned.

The calendar is full. The reels are out. The pipeline is empty.

More content was the answer everyone gave you. It wasn't the right one.

Volume hides the real problem: nothing you post is sharp enough to be repeated.

Forwardable beats frequent. Always.

Four signs more content isn't fixing it:

- Likes go up. DMs don't
- People comment, no one books
- You forget what you posted last week
- So does your audience

One sharp post about one buyer's pain outsells thirty polite ones.

Because sharp is repeatable. Polite is forgettable.

Do this week:

- 1. Cut to 3 posts. Make each one name a specific pain.**
- 2. Stop publishing tips. Publish positions.**
- 3. Ask: would the right buyer text this to a friend?**
