

YOU'RE NOT INVISIBLE.

1. You're not invisible.

You're indistinguishable.

2. There's a difference.

3. Invisible means no one sees you.

4. Indistinguishable means they see you
but can't tell you apart.

5. Your expertise can't speak for itself
if it sounds like everyone else.

6. Skill is the floor. Not the differentiator.

Pick a position. Name a problem. Stand out.
