

HOURLY BILLING KILLS AUTHORITY

1. Selling hours = selling labour
2. Labour is replaceable. Outcomes are not
3. Hourly caps your ceiling at clock time
4. Buyers compare \$/hour against juniors
5. Premium clients buy results, not minutes
6. Faster work punishes you in hourly mode
7. Outcome pricing forces a sharper offer

Price the transformation, not the time.

Time is a unit. Authority is a stance.
